

— VESOPA SOFTWARE • WALES

The kit behind the counter, ready to trade.

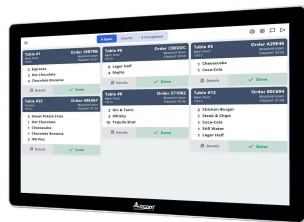

Tills, kitchen screens, kiosks and printers. Set up,
connected and supported by Vesopa.

Everything a venue runs on, supported by us.

Every device runs a Vesopa app and shares one set of data. We set it up, connect your card payments and look after it every day.

All-in-one tills

Kitchen screens

Self-service kiosk

Receipt printer

Kitchen printer

Card payments

POS-1562 • 15.6" ALL-IN-ONE • RUNS VESOPA EPOS

A till that keeps trading offline.

Super-slim and built in aluminium. Lose the broadband mid-service and it carries on selling, then syncs the moment the line is back.

Offline

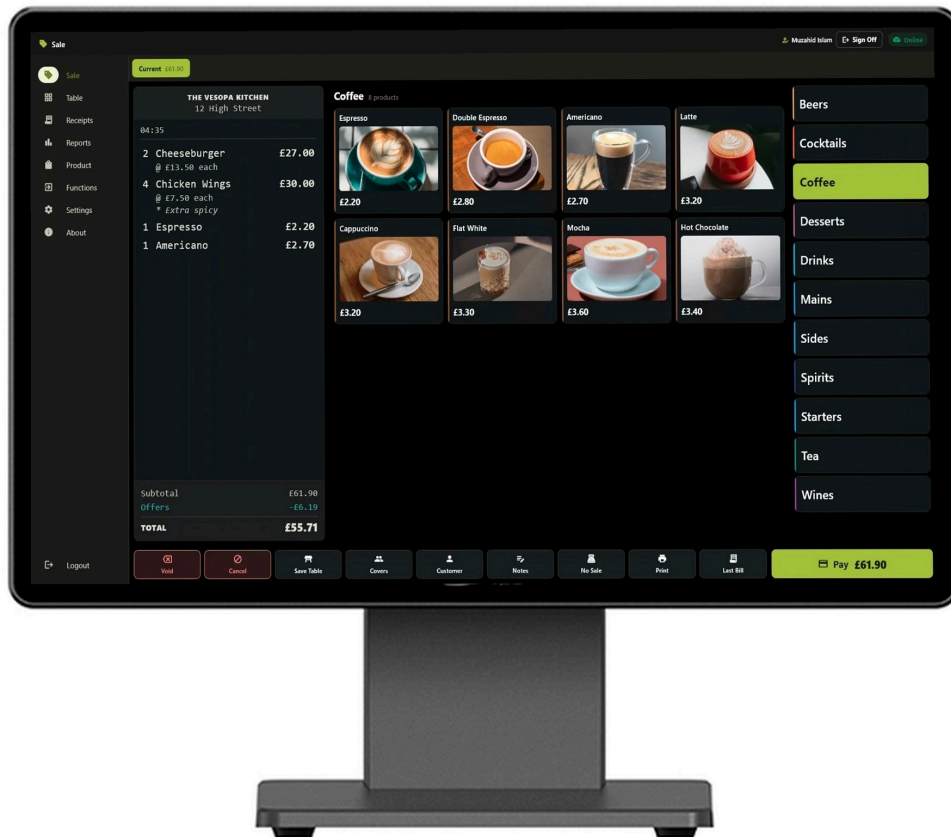

Keeps trading with no line

Tables

Floor plan, tabs, split bills

Card

Dojo or Teya from the till

POS-1566 • 15.6" ALL-IN-ONE • RUNS VESOPA EPOS

Take the money, however it comes.

Cash, card, split bills, gift cards, vouchers and points on one screen, with the change worked out for you.

Payments

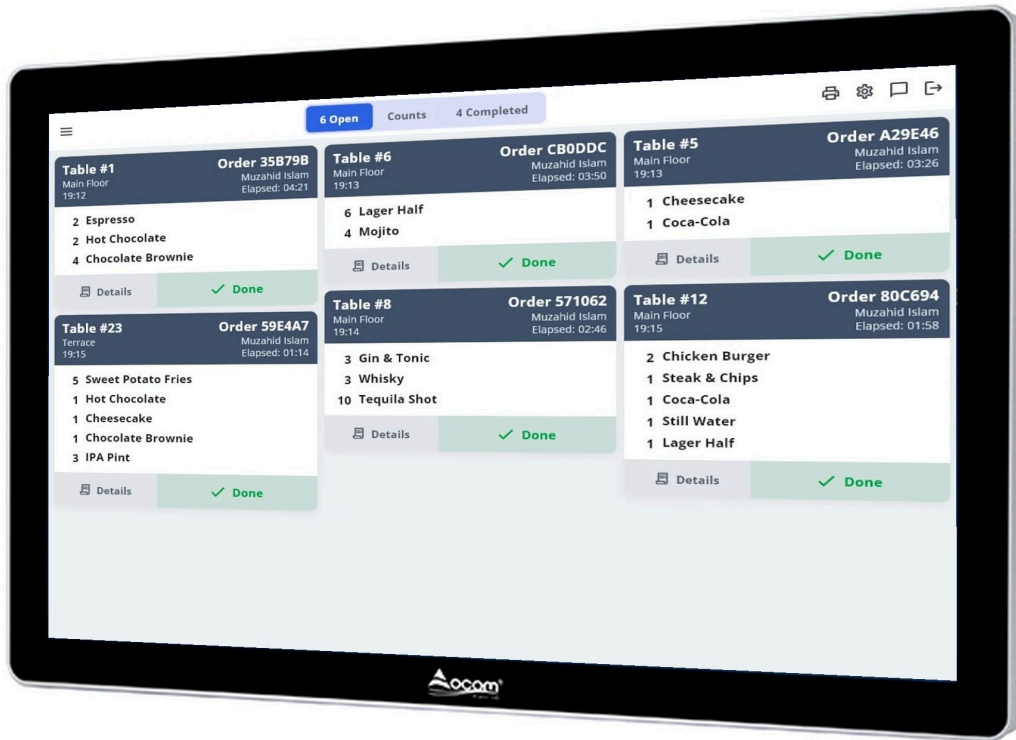

Every way to pay, one screen

2nd screen

Customer display, optional

Loyalty

Points land on the bill

KDS-181 • 18.5" KITCHEN DISPLAY • RUNS VESOPA KITCHEN

The pass, without the paper.

Orders land from the till as tickets, with the table, the order and how long it has been waiting. The kitchen marks them done.

Timed

Every ticket shows its wait

Live

Straight from the till

Done

One tap clears the ticket

KDS-151 • 15" KITCHEN DISPLAY • RUNS VESOPA KITCHEN

On before the first cover.

The compact screen for smaller kitchens, bars and prep stations. It finds the till on the network and pairs itself.

Pairs itself

No IP addresses to type

Compact

Fits bars and prep areas

Shared

Same data as the till

FLOOR-STANDING • SELF-SERVICE KIOSK • RUNS VESOPA EXPRESS

Order here, skip the queue.

Customers pick from the menu in pictures and pay by card. The order is on the kitchen screen before they put their card away.

Pictures

The whole menu, with photos

Meal deals

Sides and a drink in one tap

Sold out

Taken from the till's stock

OCP-80A • 80 MM THERMAL • RUNS VESOPA EPOS

Receipts, sharp and fast.

Prints customer receipts straight from the till, with your logo, and the end-of-day reports when you close up.

Receipts

Your logo on every one

Reports

End-of-day at the till

Auto cut

Clean tear every time

OCPP-80D • 80 MM KITCHEN PRINTER • RUNS VESOPA EPOS

Tickets on the pass.

Prefer paper in the kitchen? Orders print the moment they are rung in at the till, beside the kitchen screen or instead of it.

Instant

Prints as the order is rung

Fast

Built for the busy hour

Paired

Works with the kitchen screen

Card payments, driven from the till.

The till sends the amount to the card machine and the bill closes itself. No typing it in twice.

The logo for DOJO, featuring the word "DOJO" in a bold, black, sans-serif font.

At the counter

Card payments straight from Vesopa EPOS.

At the kiosk

Customers pay by card beside the screen.

On one screen

Cash, gift cards and points sit alongside.

One number to ring, for all of it.

If something breaks at nine on a Friday, you ring us, not four different vendors.

24/7 UK support

Real people in Wales, on the phone and by email.

Set up for you

Apps installed, menu loaded, devices paired.

Always current

Updates arrive through the Microsoft Store.
